Subject:

2010 COMMAND PROPERTY INSPECTION REPORT

State Administrative Manual (SAM) Section 8652 requires departments to conduct a physical count of all state owned property and reconcile the count with accounting records at least once every three years. Departmental records indicate the last command inventory by the Telecommunications Section of California Highway Patrol (CHP)-owned telecommunications equipment located at the California Office of the State Chief Information Office (OCIO) Vista Grande remote site, was conducted on March 24, 2009. In order to provide independent verification and reasonable assurance to the Office of the Commissioner that Department inventory records are complete and accurate, your command was selected for a property inspection.

In accordance with procedures outlined in Highway Patrol Manual (HPM) 11.2, Materials Management Manual, and HPM 22.1, Command Inspections Program Manual, an inspection of your command's property located at the OCIO Vista Grande remote site was completed by the Property Inspector (PI) on October 14, 2010. Using property records from the appropriate Office(s) of Primary Interest (OPI), the PI selected all items listed under telecommunications (see Attachment C). No property was found under the general inventory control (Attachment B). The PI did not find any discrepancies or any additional CHP-owned telecommunications equipment that was not listed in the appropriate inventory records.

According to the OPI inventory list, the OCIO Vista Grande remote site had a total property inventory population of fifteen items. When comparing equipment recorded on the predetermined property inspection list to equipment located at the Vista Grande remote site, all items were found and inspected.

In accordance with the Governor's Executive Order S-20-09 to increase government transparency, this report will be posted on the CHP internet website, and on the Office of the Governor's webpage, located on the state government website.

The Office of Inspector General would like to thank your command for their assistance during this property inspection. If you have any questions or need additional information, please contact me or Senior Management Auditor, Roger Ikemoto at (916) 843-3160.
